

# Winter WONDERLAND

*Sleigh bells ring, are you listening? Experience walking in a winter wonderland at the T Spa. Start your journey with the Apres Ski Body Treatment that has the wondrous scent of winter spices, citrus peel and teakwood. Follow up with our stimulating Hot and Coal'd Facial and then wander into our Mistle-Toes Pedicure. This winter solstice treatment will leave you feeling renewed, hydrated and in an unforgettable winter flurry. (May be booked together or separately)*

## **APRES SKI BODY TREATMENT**

**50 minutes \$145**

Winter is coming and we all know what that means: dry skin and cold temperatures. Get snowed in with our invigorating Apres Ski Body Treatment. We'll tuck you away and nestle you into our full body glow-inducing exfoliation. After a warm shower, cozy up with an application of our whipped body butter. You'll experience the scents of winter spices, citrus peel and teakwood to make you feel as if you spent a day on the slopes.

## **HOT AND COAL'D FACIAL**

**50 minutes \$140**

This stimulating organic facial uses a malachite infused charcoal cleanser for a fresh and cooling minty start followed by natural fruit acids to achieve a fantastic and oxygenating exfoliation with paprika and other herbs. The warming sensation of this uncommon facial is cooled back down with the application of a chilled menthol infusion. This contrasting treatment promotes micro-circulation, renewal and flushing in the skin resulting in a healthy glow.

## **MISTLE-TOES PEDICURE**

**50 minutes \$70**

Wind down this holiday season with our holiday pedicure. Soak your feet in a warm spruce mineral bath followed by a sugar exfoliation infused with exotic nut and peppermint essential oils. Your feet are then enveloped in a rich peppermint masque to deeply hydrate the skin. A luxurious massage compliments this experience with a nourishing oil to leave you rejuvenated and renewed.
