LET IT RIDE

Let it Ride is based on five card stud poker with a three card bonus optional wager. Players also have the option to place a $1 Progressive wager that pays at three-of-a-kind or better.

The player places three equal bets, identified as Bet #1, Bet #2, and Bet #$.

The player receives three cards and the dealer receives two cards. After each player has examined their cards they have an option to withdraw Bet #1 or Let it Ride.

After each player decides regarding Bet #1, the dealer turns over the first community card. After each player examines their cards again they have an option to withdraw Bet #2 or Let it Ride.

After each player decides regarding Bet #2 the dealer will turn the last community card; the Bet #$ remains in play, throughout the round, and may not be withdrawn. The player uses their three cards and the two community cards to make a five card hand.

A pair of tens is required to qualify for the regular five card hand. For the three card bonus the player must hold a pair or better in their three card hand, exclusive of the community cards.

RANKING OF HANDS The ranking of the hands is established in the pay tables.
